Subject: Re: interested parties for RFPs

Of course. Done. I am maintaining a list of those companies/organizations who've requested to receive the RFP(s) and have added you both to it as the contacts for your respective organizations.

We will share information about them as soon as it is available. We will allow a reasonable response time and will provide one or more opportunities for questions and discussion after their release. Our timing is currently dependent on a few factors beyond our direct control, so I can't provide a firm date -- but we'd certainly like to release them before the end of next month if that proves feasible.

Hi Tara,

Steve mentioned that you would likely be releasing RFPs soon for BID services, such as security and/or clean up crews. Can you please add VCH and H.E.L.P.E.R. Foundation to your list of contacts for RFPs? Both contacts are listed below. Any information you can share in advance about the nature or timing of the RFPs would also be great.

Thanks,

Becky
